Cabanon

/ outdoor sauna /

Cabanon

Design:

Rodolfo Dordoni,
Michele Angelini

Ispirato al progetto di Le Corbusier, coglie lo spirito originale della sauna finlandese, concepita nei paesi di origine come ambiente autonomo esterno alla casa, frequentemente in riva al lago in un armonioso rapporto con la natura.

- > Doccetta con tubo flessibile e ganci appendi accappatoio conferiscono raffinatezza e massima praticità al prodotto.
- > Pareti esterne in onduline di alluminio verniciato disponibile in 3 colori in finitura opaca, studiati per un effetto raffinato e in qualche modo mimetico.
- > Deck personalizzabile con tende applicabili sui tre lati.
- > Arredamenti realizzati in pregiato legno Aspen al naturale o termotrattato, molto resistente nel tempo.

Inspired by Le Corbusier's Cabin, captures the original spirit of the Finnish sauna, a separate building from the house which is often built by a lakeside at one with nature.

- > A hand-held shower with a flexible hose and pegs for bathrobes add a sophisticated and practical touch to the sauna.
- > Exterior walls made of painted corrugated aluminium in three different matte colours, their sophisticated, subtle, almost camouflage effect ensures the sauna blends naturally into its surroundings.
- > The bench seats project outside, creating a handy towel holder and shelf.
- > The deck can be customised with curtains on three sides.
